Yesterday's Results.

To "Vie" Willis, the serpentine twirler, more than to any other player, belongs the credit for the victory. Willis displayed the pitcher's art in good fashion. His speed was good, his control exact and in pinches he was cool when Cardinal in the evening the club's structure was | building.

players occupied the bases. While Willis was letting the Cardinals down the toboggan to defeat, the Boston of the institution had their hands full. hatters were sampling the early fall. The crowd which gathered last evening styles dished up by Eddie Murphy, the Albany haberdasher, Eddle offered so many good things that the Beston players decided to bug a dozen, and only fell one short of their intention, a beautiful Vice President Tate, Secretary Genslinger stop by Dave Brain breaking up their little plan of carrying off an even dozen these gentlemen, the committee which prebingles from Murphy's stock.

BRAIN DISPLAYED FORM. One pleasing feature of the game was the fast, all-round exhibition put up by Brain, accepting ten of the eleven difficult chances sent his way and bearing off two of the local's five hits. Throughout the fray Dave covered acres of ground and made many hard chances look easy. In the fourth period he made one of the

fastest fielding plays seen in League Park this season. After a sprint that brought him flush with the middle cushlon he reached out his gloved hand and grabbed Greminger's terrific liner. It was a pretty piay, well executed and merited the applause it drew from the fans. The visitors got busy with Murphy ear-

iy in the fray, a sing.e, an error of Berte's. sacrifice hit and infield tap netting them a run in the second inning. The Cardinals helped Boston to two more runs in the fifth inning, an error by Brain on an ugly high twisting fly, two

singles and a stolen base netting Boston CARDINALS ON SEY JOURNEY. In the sixth period the Cardinals began to play bean-bag with the result that Boston scored a run on McCreery's single. His steal of second, Coveny's bad throw to head him off and Smoot's wild toss over third to cauch the wily Scot, allowed him to score.

In the sixth inning Smoot pulled off his little specialty of breaking boards in the right-field fence by means of his mighty bat. This little piece of practical humor on Smoot's part gave the big center worker three bases, and he trotted across the plate a moment later on an easy infield out.

A double and base on balls gave Boston their last run in the eighth inning. The score:
